Summary;

Civil Engineer awaiting graduation from University of Nairobi in October 2026. Through my internships and attachments over my five-year course, I have gained hands-on experience in building construction, site inspections, materials testing, quality control and coordination and project documentation.

I have worked alongside architects, surveyors and structural engineers on road, drainage, sewage and building projects, ensuring compliance with engineering drawings and specifications. I have an understanding of structural and architectural drawings, site operations, quality management and Safety practices. Having worked in the county municipality of Kakamega, I am also quite aware of the necessary documentations.

I hold a valid Driving Licence, I am available for immediate resumption and I am based in Kiminini, Trans Nzoia County, approximately 20 minutes from Kitale Town.

Professional Experience;

Kakamega Municipality – Engineering Attaché (Jun 2025–Aug 2025)

- Worked in Materials Testing and Research Division.
- Assisted the County Structural Engineer in supervising construction activities and site inspections.
- Verified compliance with drawings and specifications.
- Monitored construction quality, material usage and progress.
- Prepared inspection reports and project documentation.
- Participated in KISIP road, drainage, sewage and street lighting projects.

Kenya Railways Corporation – Engineering Attaché (Jul 2023–Sep 2023)

- Conducted site inspections.
- Assisted in pre-tender assessments and reporting.
- Exposure to take-off preparation and construction documentation.

Education;

University of Nairobi, Oct 2021 – Expected 2026
Bachelor of Science in Civil Engineering

Maseno School, Jan 2017 – March 2021
Kenya Certificate of Secondary Education

Technical Skills;

Drawing Interpretation, Quality Control, Material Management, Safety Compliance, AutoCAD, Civil 3D, Revit, MS Project, Excel.

Soft Skills;

- ❖ Leadership skills
- ❖ Effective Communication
- ❖ Public Speaking
- ❖ Team Player
- ❖ Critical Thinking

Leadership;

Association of Civil Engineering Students- UoN (ACES-UoN)

- *Elected First Year Civil Engineering Students Representative, 2021-2022*
- *Appointed Publicity Secretary, 2022- 2023*

Engineering Students Association- UoN (ESA-UoN)

- *Elected Academic Secretary, 2023-2024*

University of Nairobi Environmental Club (UoNEC)

- *Appointed Publicity Secretary, 2022-2023*

Societies & Affiliations;

- Association of Civil Engineering Students (ACES-UoN)- Member
- Engineering Students Association, University of Nairobi (ESA-UoN)- Member
- University of Nairobi Environmental Club (UONEC)- Member
- Main Campus Christian Union- Member and Leader.
- Nuclear Society of Kenya (NSK)- Member
- Institution of Engineers of Kenya
